LaGrippe,

Followed by Heart Disease, Cured by
DR. MILES' HEART CURE.

M. R. C. SHULTS, of Winterset, Iowa, inventor and manufacturer of Shults' Safety Whiffletree Coupling, writes of Dr. Miles' Heart Cure. "Two years ago an attack of LaGrippe left me with a weak heart. I had run down in flesh to mere skin and bone. I could not sleep lying down for smothering spells; frequent sharp darting pains and palpitation caused a constant fear of sudden death, nothing could induce me to remain away from home over night. My local physician prescribed Dr. Miles' Heart Cure and in a few days I was able to sleep well and the pains gradually lessened, and finally ceased. I reduced the dose, having gained fifteen pounds, and am now feeling better in every way than I have for years."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

BLANCO WAS IGNORED

Offered Cubans Independence to Unite Against the United States.

WROTE TWICE TO GOMEZ

And Finally Sent a Messenger to Repeat the Proposition—Colonel Reide Reports on the Forts Surrounding Havana—Severe Criticism of General Henry by a Porto Rican.

Havana, May 16.—La Union Espanola publishes a letter from General Jose Varona to General Gomez asking if it be true that Marshal Blanco offered independence to the Cubans on condition that they would co-operate against the United States. The paper says that Gomez replied in the affirmative, but wrote to Varona that no answer was given to Blanco as Spain had deceived the Cubans so often that they could not trust her again. A second letter from the captain general to the same purport was received and this also went unanswered. Finally Blanco, according to La Union Espanola sent a messenger to Gomez to repeat the proposition, but the Cuban commander refused to consider it.

Colonel Reide has been making an inspection of the forts around Havana, preparatory to a report to General Brooke. He says that enormous sums were spent by the Spaniards upon defenses that are now utterly worthless. Cabanas fortress alone cost originally \$14,000,000, but two or three well directed shots almost demolished it, and the same is said to be the case of all the rest of the fortresses, including Morro Castle. Colonel Reide says that one sharpshooter, stationed on the roof of the Tacon theater, with an ordinary service rifle could practically render any Havana fort untenable. A single artillery shot could, in many instances, make a whole wall crumble into dust.

HENRY'S RECALL

Porto Ricans' Reasons For the General's Deposition.

San Juan de Porto Rico, May 16.—The Democracia of Ponce, the organ of Senor Luis Minors Rivera, former president of the Porto Rican insular cabinet, who is now in the United States, publishes a letter from him in reference to the recall of Major General Guy V. Henry, recently governor general of Porto Rico. In the course of the letter Senor Rivera says: "Who does not know that the government, in the hands of such a man, was like the web of penelope—now woven and afterward torn or unraveled? Who does not remember 1,000 errors which the insular secretaries could not repair? These are the real reasons for the recall—reasons laid bare by me with rude frankness to the American colonial commission."

"The motives assigned by the United States' secretary of war (General Alger), namely, consideration for the health of General Henry and similar excuses had no bases in the facts of the case. General Henry wished to remain in Porto Rico. I telegraphed you on March 28 from Havana, advising you that the change would be made and later I joyfully confirmed this information on the strength of official advices from New York. I do not wish General Henry any ill, but I do not want the island of Porto Rico transformed into a lunatic asylum."

The publication of this letter has caused as much surprise as criticism as General Henry left the island after a magnificent demonstration of good will on the part of the Porto Ricans.

"I had been afflicted with lung trouble for two years," says Charles A. Moore, of Fivemile, Mason Co., W. Va. "I tried all the surrounding physicians, but they did me no good. After a long period I bought a bottle of your great 'Golden Medical Discovery' and after taking four bottles I am entirely cured, and I stand firm to recommend your great 'Discovery' to all people afflicted with lung trouble. I now feel stronger than I ever did."

DISSATISFACTION

Expressed at Santiago Over the Demand For Cubans to Disarm.

Santiago de Cuba, May 16.—Considerable dissatisfaction is expressed here over the demand by the United States government that the Cuban soldiers relinquish their arms before receiving their shares in the distribution of the \$3,000,000. La Independencia and other papers publish excited articles protesting against the acceptance of any such proposal. La Independencia suggests that a stamp tax be instituted by means of which loyal Cubans would be enabled to "save the soldiers from their dishonor and humiliation of giving up the arms which won their liberty."

"On all sides among the Cubans of Santiago violent expressions are heard regarding what is termed the 'niggardly conduct of the Americans.'"

RIOT AT CIENFUEGOS

Cuban Laborers Fight With the Police—Demanding Back Pay.

Cienfuegos, May 16.—Last evening a gang of Cuban dock laborers called upon Captain Barker, captain of the port, and made a demand for back pay. As they were violent, Captain Barker drew his revolver. The laborers retired, but returned soon after with 50 others and made a similar demand, using profane language, insulting Captain Barker and offering threats.

The Cuban police were ordered to arrest the malcontents and a general street fight followed, in which one laborer was killed and several persons wounded, including three of the police force.

President McKinley Will Go West to Meet the Returning Troops.

Hot Springs, Va., May 16.—It is the intention of President McKinley to be in the western states at the time of the return of the volunteers who have done heroic service in the Philippines. It is expected that the necessity for the retention of volunteers in the island of Luzon will not exist much longer, and when the volunteers reach their native states for muster out Mr. McKinley hopes to be there to greet and honor them. If the trip to the west already planned should not occur when the volunteers are returning, another journey will be made to carry out this purpose.

The war department yesterday forwarded here advices from General Otis stating that there now remain in the Philippines 2,000 Spanish soldiers who must be returned to their homes by the United States, in accordance with the terms of the treaty of peace. Information also was received of the situation in Cuba.

General Gomez, it is said here, is considered insincere in his dealings, and nothing unfavorable or disconcerting was announced. Yesterday afternoon a number of the colored employees of the hotel entertained Mr. and Mrs. McKinley with an impromptu concert in the president's apartments. A quartette sang, banjos were played and there was some old Virginia dandy dancing.

COMMERCIAL EXPANSION

Views Expressed by Hon. John A. Kasson of Iowa.

Des Moines, May 16.—John A. Kasson, United States plenipotentiary for the negotiation of commercial treaties between the United States and foreign powers, arrived in the city yesterday and will tomorrow deliver the address at the cornerstone laying for the Iowa historical building.

"In my position as plenipotentiary," said Mr. Kasson, "I am brought constantly in contact with the evidences of American commercial expansion. As to the effect on American commerce in the Orient of holding or relinquishing the Philippines, I can only say as to the advantages of holding a depot and entre port to the great Orient. With the Philippines we would have a base of operations, a magnificent harbor and all the advantages incident to holding a powerful situation in the east. The American firms of Russell & Co., and Forbes & Co., formerly gave America a great power in the Orient. They were American houses, but have withdrawn from that part of the world. America must re-establish itself, its shipping and its commerce in the east, and certainly any man can perceive the advantages of holding a base in that part of the world."

THE HAGUE

Expression of the Czar's Gratitude For Hospitalities Extended.

The Hague, May 16.—M. DeStaal, the Russian ambassador to the court of St. James, representative of the Russian government at the peace conference and president of that body, conferred with the foreign minister of the Netherlands, W. H. DeBeaufort, yesterday and handed him the decoration of the Alexander Nevski order. In so doing, the Russian representative expressed the czar's gratitude for the hospitality extended to the delegates.

The peace conference will hold its first sitting at 2 o'clock on Thursday afternoon next.

It is understood that the Americans and British are meeting with some success in their efforts to get the question of international arbitration, which is now the eighth article of the programme, advanced to the first place.

Acting upon an order from the papal secretary of state, Cardinal Rampolla, the papal interuncio left The Hague yesterday as a protest against the omission of the government of the Netherlands, acting on behalf of Russia, to invite the vatican to send a representative.

MONEY LENDING

Scandal In the German Army Being Investigated by the Emperor.

Berlin, May 16.—It is learned on excellent authority that the kaiser has just instituted a searching investigation of the money lending scandals in his army, and has really inaugurated a crusade against the abuses that have risen under the prevailing system. He realizes that his army is being riddled by the officers getting themselves bound soul and body to the usurers. But what hurts him most is the fact that the abuses are not in the same degree co-extensive with the army, but are especially accentuated in those officers who belong to his own kingdom, that of Prussia.

The pay of the officers, like that of the men, is ridiculously small, and even to provide themselves with what in America would be called necessities they are forced to resort to their own private incomes, and those failing are thrown into the clutches of Jews principally. Besides, this great need of money has increased gambling in the army to a most terrible degree, and several very notorious clubs have within the last few months been proceeded against.

What can be done to help the officers out of their troubles is hard here to see, unless their pay be increased, and that is a very improbable thing. The cashiering of officers would cause general and outrageous scandal, which could not but revert on the army, and later upon the emperor himself, as it must expose to a greater or less extent the straits into which the officers are placed by reason of the penuriousness of the kaiser and the reichstag, or else by exposing a fact which is generally admitted even in Germany, that the empire is now taxed to the limit of its endurance in maintaining its enormous standing army and its navy, and its army and navy improvements and increase.

BRUTAL PARENTS

Wrap Their Children In Paper Saturated With Oil and Ignite It.

Atlanta, May 16.—Winnie Roach, a mulatto woman, and her husband are charged with brutally burning their four little children nearly to death by igniting paper saturated with kerosene, with which their bodies had been wrapped.

The man, Lawrence Roach, ran away when he heard that his treatment of the children had been reported to the police. The woman was in the act of applying more fire to one of the children when a crowd broke in. The police were summoned, as a lynching was feared.

The woman and the children were taken to the station. One of the children had all the flesh burned from her legs in several places and will probably die. The other three are all badly burned.

KENTUCKY BANK LAW

Decision of United States Supreme Court on Its Effect.

Washington, May 16.—In the United States supreme court yesterday Justices Peckham and White handed down opinions in 36 cases involving the bank tax law of Kentucky. The cases did not deal with the tax direct, but with a stipulation made by the city attorney of Louisville, which the banks claimed rendered their cases res judicata. The court held it was beyond the attorney's power to make a stipulation that would be binding, and hence the contention of res adjudicata was not well founded.

ANTITRUST MEETING

Governor Sayers of Texas Will Call a National Convention.

Houston, May 16.—Governor Sayers has given out the information that as soon as the legislature adjourns he will address a letter to the governors of all the states asking a meeting at some suitable time and place with their attorneys general for the purpose of considering and agreeing upon an effective anti-trust law to be presented to the different legislatures. In the meantime he will insist upon the legislature enacting such a law at the present session.

Artist Sprague Dies Suddenly.

New York, May 16.—Howard F. Sprague, an artist, whose pictures of marine and naval life in a monthly magazine have attracted considerable attention, died suddenly in this city yesterday of consumption, aged 30 years. He did good work in the war and was on the flagship New York during Admiral Sampson's recent cruise in the West Indies. He returned with the squadron to New York two weeks ago. He came from Huron, O.

GEN. GOMEZ'S ACTION

In Refusing to Aid in Distributing Funds to Cubans Causes No Surprise.

THE SITUATION IN CUBA

Believed by War Officials to Be Serious—No Further Orders to Be Sent to General Brooke as He Is Fully Empowered to Deal With Any Emergency.

Washington, May 16.—War officials were reluctant to discuss the Cuban situation yesterday afternoon. The dispatch announcing that General Gomez had decided to withdraw from participation in the distribution of the \$3,000,000 to Cuban soldiers was read with interest, but did not cause much surprise among army officers who are well informed about the Cubans, especially those who are known as "Soldiers of fortune," and who have been bitterly disappointed because the island was not turned over to them immediately after the Spanish surrender. There is an impression also that the intention of General Brooke to see that the \$3,000,000 are distributed among the troops has caused disappointment among the many generals and other high officers, who were evidently expecting to secure a large share of the money.

The belief was expressed that the situation in Cuba is serious and that careful and diplomatic management will be needed. It was stated that no orders would be issued to General Brooke, as he had ample authority to deal with any situation which might arise. There seems to be a belief that General Gomez has contributed to the delay in the payment of the money.

GOMEZ'S WITHDRAWAL

General Brooke Will Proceed on a New Plan to Pay the Cubans.

Havana, May 16.—General Maximo Gomez yesterday informed Governor General Brooke that he must withdraw from the plan for distributing the \$3,000,000 appropriated to the payment of the Cuban troops to the extent that he will not name other commissioners to replace those originally named by him, who have refused to serve.

Governor General Brooke is to go ahead with a new plan, Gomez remaining in an attitude of friendly inactivity.

General Brooke will issue an order for Cuban privates and noncommissioned officers to meet at specified places on specified dates to receive payment. They are to be accompanied by their company officers for the purpose of identification. Both General Gomez and the governor general feel that the privates ought not to lose their share in the American gratuity merely because the schemes of certain high officers in the Cuban army have interposed obstacles. The belief among the Americans is that the company officers will assist in this way.

General Brooke's order will be disseminated through the newspapers, placarded in the postoffices and given the widest circulation practicable.

Obsolete Cannon.

Washington, May 16.—Many applications have been made to the war department requesting that all useless cannon captured in the Philippines be turned over to the states as trophies of the regiments making the capture. Secretary Alger cabled General Otis asking what there was in the way of such pieces and has received a reply stating that under the terms of the peace treaty all obsolete cannon are to be turned over to the Spanish government.

POISONED

Hotel Guests Made Seriously Ill From Eating Canned Lobsters.

Hot Springs, Ark., May 16.—Fifteen guests at a prominent hotel here were poisoned last night by eating canned lobsters at dinner. Shortly after the meal the guests were taken violently ill and it required the work of three physicians to save their lives. The most seriously affected was Mr. Nonweiler, a prominent furniture manufacturer of Evansville, Ind. His wife was also affected. Among other victims was Vincent Lavechal of Vicksburg, Miss., J. M. McIntyre and wife of J. H. Marquette of New Orleans, Miss., and Mrs. Hurley of Hot Springs.

All are now believed to be out of danger.

ARBITRATORS

Pana, Ills., May 16.—A meeting of operators and the state board of arbitration is being held here today to complete details of the settlement of the union miners' lockout, which was agreed upon at meeting held in Chicago several days ago. President D. J. Keefe of the national board of arbitration arrived here last night from Buffalo and is attending the meeting.

SEYMOUR GAS CO.

The Ladies' Social Club Entertains.

A royal good time was had last night
at the home of Mr. and Mrs. Fred
Klippel at a poverty party. The cos-
tumes were of the poorest class and
those wearing silk gowns or diamonds
were fined. The home was beauti-
fully decorated with palms, snow balls and
Chinese lanterns. Music and games
were the amusements of the evening of
which one was a potato race. At 10:30
the club was invited to the dining room
where a sumptuous lunch awaited them.
After lunch an auction took
place at which some beautiful poverty
presents were bid off. Mr. Harry Ab-
bet and Mrs. Chas. Flomerfelt walked
off feeling very proud of their prize of
being the most beautifully dressed ones
present, representing the fat man and
the lady traveler. At 12 o'clock they
departed for their homes none regret-
ting the time spent during the evening.

Proposes Consolidation.

Seymour has a society composed of
"Bachelor" girls who meet in secret
session and enjoy themselves. The prime
object of the organization is to restrain
the members from making matrimonial
alliances. Just as if such a restraint
were necessary for Seymour girls. Now,
here at Columbus no such a society as
"Bachelor" girls could exist because of
lack of material. Our girls are all either
of marriageable age or married—not a
"bachelor" among them. But we do
have up here some "old maid" boys,
and perhaps if Locke, of the Herald,
could get them organized the Seymour
society and they could consolidate for
mutual admiration—Columbus Repub-
lican.

Resolutions of Respect.

Whereas, It has pleased Almighty
God in his infinite wisdom to remove
from our midst our brother Wm. Luke,
therefore be it

Resolved, That the charter of Star
Lodge, No. 457 B. L. F., be draped in
mourning for thirty days in remem-
brance of Bro. Luke; also

Resolved, That we extend to the
family of Bro. Luke our most heart felt
sympathy in their bereavement; also

Resolved, That a copy of these res-
olutions be spread on our minutes, one
sent to the family of Bro. Luke and a
copy be published in the daily paper.

Self Interpreting New Testament.

Mr. Jeruel Leonard, of Orleans, is in
the city presenting the recently pub-
lished Self-Interpreting New Testa-
ment. The work contains the New
Testament books with commentaries
on the same page with the text. In
addition there are abundant references,
a harmony of the Gospels that aids the
Bible student very materially, and
numerous helps for a clearer under-
standing of the text itself. The book is
profusely illustrated with over a hun-
dred photographs of Bible scenes show-
ing the places as they appear today
where Christ delivered his sermons,
performed his miracles, spoke his par-
ables, offered his prayers and pro-
nounced his prophetic warnings. These
photographs were made especially for
this work and make it all the more
valuable. For the Sunday school
teacher, scholar, or Bible student the
work will be of great value and you will
do well to add it to your library when
Mr. Leonard calls on you.

Spanish-American War Panorama.

Is one of the war books which is like-
ly to be in continuous demand. It is
a panoramic record of the triumph of
Yankee Doodle. The eagle flaps his
wings on every page, and "Old Glory"
waves around and above every scene.
Prominent officers connected with the
war are here portrayed, as well as
many of the "men behind the guns."
Military life is pictured to the eye,
from recruiting to guard mount and
skirmish line. Nor is the ludicrous
omitted. The company cook receives
the attention due to his importance;
the mess is shown; cavalry scenes are
given; the hospital arrangements are
depicted; the heroines of the Red
Cross service are displayed; street
scenes in Havana, Santiago and else-
where are unrolled, the new citizens or
subjects (which are they?) of Uncle
Sam, appear and disappear as the
leaves are turned.

In a word, the gazette visits the new
localities and sees the tumultuous new
life, without the risk or expense of a
sea voyage.

The Album is 5½x8 inches, weighs
12 ounces, printed on finest coated pa-
per.

A Card.

The goods offered at my auction sale comprise the stock that was bought to sell at retail to my friends and old-time customers. The opinion that seems to prevail in some quarters that his sale is conducted on any other line is erroneous, and should it obtain after this statement has been given to the public over my signature, those who know me best will know the purpose of those who may be most active in creating such a false impression.

LaGrippe,

Followed by Heart Disease, Cured by
DR. MILES' HEART CURE.

M. R. C. C. SHULTS, of Winterset, Iowa, inventor and manufacturer of Shults' Safety Whistle-Cupping, writes of Dr. Miles' Heart Cure. "Two years ago an attack of LaGrippe left me with a weak heart. I had run down in flesh to mere skin and bone. I could not sleep lying down for smothering spells; frequent sharp pains and palpitation caused a constant fear of sudden death, nothing could induce me to remain away from home over night. My local physician prescribed Dr. Miles' Heart Cure and in a few days I was able to sleep well and the pains gradually lessened, and finally ceased. I reduced the doses, having gained fifteen pounds, and am now feeling better in every way than I have for years."

BLANCO WAS IGNORED

Offered Cubans Independence
to Unite Against the
United States.

WROTE TWICE TO GOMEZ

And Finally Sent a Messenger to Re-
peat the Proposition—Colonel Reide
Reports on the Forts Surrounding
Havana—Severe Criticism of Gen-
eral Henry by a Porto Rican.

Havana, May 16.—La Union Espanola publishes a letter from General Jose Varona to General Gomez asking if it be true that Marshal Blanco offered independence to the Cubans on condition that they would co-operate against the United States. The paper says that Gomez replied in the affirmative, but wrote to Varona that no answer was given to Blanco as Spain had deceived the Cubans so often that they could not trust her again. A second letter from the captain general to the same purport was received and this also went unanswered. Finally Blanco, according to La Union Espanola sent a messenger to Gomez to repeat the proposition, but the Cuban commander refused to consider it.

Colonel Reide has been making an inspection of the forts around Havana, preparatory to a report to General Brooke. He says that enormous sums were spent by the Spaniards upon defenses that are now utterly worthless. Cabanas fortress alone cost originally \$14,000,000, but two or three well directed shots almost demolished it, and the same is said to be the case of all the rest of the fortresses, including Morro Castle. Colonel Reide says that one sharpshoot, stationed on the roof of the Tacón theater, with an ordinary service rifle could practically render any Havana fort untenable. A single artillery shot could, in many instances, make a whole wall crumble into dust.

HENRY'S RECALL

Porto Ricans' Reasons For the Gen-
eral's Deposition.

San Juan de Porto Rico, May 16.—The Democracia de Ponce, the organ of Senor Luis Minos Rivera, former president of the Porto Rican insular cabinet, who is now in the United States, publishes a letter from him in reference to the recall of Major General Guy V. Henry, recently governor general of Porto Rico. In the course of the letter Senor Rivera says: "Who does not know that the government, in the hands of such a man, was like the web of penelope—now woven and afterward torn or unravelled? Who does not remember 1,000 errors which the insular secretaries could not repair? These are the real reasons for the recall—reasons laid bare by me with rude frankness to the American colonial commission."

"The motives assigned by the United States' secretary of war (General Alger) namely, consideration for the health of General Henry and similar excuses had no bases in the facts of the case. General Henry wished to remain in Porto Rico. I telegraphed you on March 28 from Havana, advising you that the change would be made and later I joyfully confirmed this information on the strength of official advices from New York. I do not wish General Henry any ill, but I do not want the island of Porto Rico transformed into a lunatic asylum."

The publication of this letter has caused as much surprise as criticism as General Henry left the island after a magnificent demonstration of good will on the part of the Porto Ricans.

MONEY LENDING

Scandal in the German Army Being
Investigated by the Emperor.

Berlin, May 16.—It is learned on excellent authority that the kaiser has just instituted a searching investigation of the money lending scandals in his army, and has really inaugurated a crusade against the abuses that have arisen under the prevailing system. He realizes that his army is being riddled by the officers getting themselves bound soul and body to the usurers. But what hurts him most is the fact that the abuses are not in the same degree co-extensive with the army, but are especially accentuated in those officers who belong to his own kingdom, that of Prussia.

The pay of the officers, like that of the men, is ridiculously small, and even to provide themselves with what in America would be called necessities they are forced to resort to their own private incomes, and those failing are thrown into the clutches of Jews principally. Besides, this great need of money has increased gambling in the army to a most terrible degree, and several very notorious clubs have within the last few months been proceeded against.

What can be done to help the officers out of their troubles is hard here to see, unless their pay is increased, and that is a very improbable thing. The cashiering of officers would cause general and outrageous scandal, which could not but revert on the army, and later upon the emperor himself, as it must expose to a greater or less extent the straits into which the officers are placed by reason of the penuriousness of the kaiser and the reichstag, or else by exposing a fact which is generally admitted even in Germany, that the empire is now taxed to the limit of its endurance in maintaining its enormous standing army and its navy, and its army and navy improvements and increase.

TUESDAY, MAY 16, 1899.

Mrs. D. M. GREETING died at the fam-
ily residence in Indianapolis Sunday.

The Daily Journal of Salem has been
increased to six columns and otherwise
improved under the new manage-
ment.

An exchange suggests that the rise in
the price of strawberries has been
brought about by a rise of the bottom
of the box.

Claims against the city cannot be al-
lowed at the council meeting this week
unless filed five days previous to the
date of the meeting.

Will the 'antics' who have howled
themselves hoarse about the Philippine
problem turn their back on Admiral
Dewey on his return home?

When "Coin" Harvey was bounced
from the democratic collection agency
it seems that Allen W. Clark, the king
of all the push, threw up his job as col-
lector for the committee. He is now
doing work on the Covington (Ky.)
Commonwealth.

Harry M. Geiger, the electric light
promoter, came in yesterday to do some
more promoting. Wonder if he left a
request this time for any one to be sent
over to Worthington to interview the
people there about the plant he has
been putting in there?

RAILROAD RUMBLINGS.

Humphrey, of the B. & O. S-W, came
up today on business.

force went to Vallonia this morning to
place derailed cars on the track.

The Ladies' Social Club Entertains.

A royal good time was had last night
at the home of Mr. and Mrs. Fred
Klippel at a poverty party. The cos-
tumes were of the poorest class and
those wearing silk gowns or diamonds
were fined. The home was beautified
decorated with palms, snow balls and
Chinese lanterns. Music and games
were the amusements of the evening of
which one was a potato race. At 10:30
the club was invited to the dining room
where a sumptuous lunch awaited
them. After lunch an auction took
place at which some beautiful poverty
presents were bid off. Mr. Harry Ab-
bet and Mrs. Chas. Flomerfelt walked
off feeling very proud of their prize of
being the most beautifully dressed ones
present, representing the fat man and
the lady traveler. At 12 o'clock they
departed for their homes none regret-
ting the time spent during the evening.

Proposes Consolidation.

Seymour has a society composed of
"Bachelor" girls who meet in secret
session and enjoys themselves. The prime
object of the organization is to restrain
the members from making matrimonial
alliances. Just as if such a restraint
were necessary for Seymour girls. Now,
here at Columbus no such society as
"Bachelor" girls could exist because of
lack of material. Our girls are all either
of marriageable age or married—not a
"bachelor" among them. But we do
have up here some "old maid" boys,
and perhaps if Locke, of the Herald,
could get them organized the Seymour
society and they could consolidate for
mutual admiration—Columbus Repub-
lican.

Resolutions of Respect.

Whereas, It has pleased Almighty
God in his infinite wisdom to remove
from our midst our brother Wm. Luke,
therefore be it

Lodge, No. 457 B. L. F., be draped in
mourning for thirty days in remem-
brance of Bro. Luke; also

sympathy in their bereavement; also

RESOLVED, That a copy of these res-

sent to the family of Bro. Luke and a
copy be published in the daily papers.

Self Interpreting New Testament.

Mr. Jeruel Leonard, of Orleans, is in
the city presenting the recently pub-
lished Self-Interpreting New Testa-
ment. The work contains the New
Testament books with commentaries
on the same page with the text. In
addition there are abundant references,
a harmony of the Gospels that aids the
Bible student very materially, and
numerous helps for a clearer under-
standing of the text itself. The book is
profusely illustrated with over a hun-
dred photographs of Bible scenes show-
ing the places as they appear today
where Christ delivered his sermons,
performed his miracles, spoke his par-
ables, offered his prayers and pro-
nounced his prophetic warnings. These
photographs were made especially for
this work and make it all the more
valuable. For the Sunday school
teacher, scholar, or Bible student the
work will be of great value and you will
do well to add it to your library when
Mr. Leonard calls on you.

Spanish-American War Panorama.

Is one of the war books which is like-
ly to be in continuous demand. It is
a panoramic record of the triumph of
Yankee Doodle. The eagle flaps his
wings on every page, and "Old Glory"
waves around and above every scene.
Prominent officers connected with the
war are here portrayed, as well as
many of the "men behind the guns."
Military life is pictured to the eye,
from recruiting to guard mount and
skirmish line. Nor is the ludicrous
omitted. The company cook receives
the attention due to his importance;
the mess is shown; cavalry scenes are
given; the hospital arrangements are
depicted; the heroines of the Red
Cross service are displayed; street
scenes in Havanna, Santiago and else-
where are unrolled, the new citizens or
subjects (which are they?) of Uncle
Sam, appear and disappear as the
leaves are turned.

In a word, the gaz-er visits the new
localities and sees the tumultuous new
life, without the risk or expense of a
sea voyage.

The Album is 5x8 inches, weighs

per.

The goods offered at my auction sale comprise the stock that was bought to sell at retail to my friends and old-time customers. The opinion that seems to prevail in some quarters that this sale is conducted on any other line is erroneous, and should it obtain after this statement has been given to the public over my signature, those who know me best will know the purpose of those who may be most active in creating such a false impression.
